

Soap Facts Page

Natural Soaps

Why use our handcrafted natural soap? One reason is that 95% of commercial soap is really a detergent and is very harsh on your skin. Commercial bar soap companies remove the glycerin when processing their “detergent bar soap.” They increase their profit by selling the glycerin to pharmaceutical and cosmetic companies. The result is “detergent bars” which strip your skin’s natural oils and destroy the natural moisture balance.

Our handmade natural soap gently cleanses your skin without irritation. Preserving the glycerin in our soap encourages your skin to absorb moisture and to become soft and supple.

You won’t need as much lotion using our soap versus commercial bar soap. The purpose of all our ingredients is to nourish and gently cleanse all the layers of your skin. Problem skins are restored to a healthy glow naturally. To further nourish and moisture your skin, try our natural lotion products for maximum protection.

All of our natural soaps are created with pure Ohio beeswax, raw honey, local goat’s milk and buttermilk, oatmeal, Shea butter, Olive and nourishing oils and other natural ingredients. Beeswax and raw honey heal sensitive skin and are readily absorbed to help make bodies healthy and even help fight allergies. We only use pure essential oils in our fragrant soaps and offer four varieties of fragrance free soaps for those who are scent-sensitive. They heal the body, soothe the spirit and calm the soul.

Honey & Cream Soap

This soap makes a fine lather that moisturizes dry skin like a lotion. This 100% pure olive oil soap gently cleanses and reduces pores. Ohio honey and beeswax are readily absorbed to restore deeply healthy skin. Buttermilk adds an extra soothing, nourishing boost. Our most popular soap, it is ideal for those who want a gentle, all natural soap. It is also great for sensitive skin, wrinkles, scars, acne, fungus, eczema, psoriasis, and rosacea. This soap comes scented with almond essential oil & it also comes un-scented for those who prefer simplicity.

Lemon Verbena - Calendula Soap

All natural Lemon Verbena-Calendula Soap provides a rich full lather that is great for shaving and gentle enough for a baby. Our nourishing olive oil castile soap with a touch of coconut and palm oils gently cleanses all skin types. Calendula petals relieve and soothe the itch of chapped, irritated skin. The invigorating essential oil of lemon verbena provides the citrus scent that is as refreshing as sunshine on a summer morning.

Oatmeal Honey or Gardeners Soap

Both of these all natural Soaps work extremely well for hard-working, dry hands in addition to the whole body. This olive oil based soap also has Ohio beeswax, honey and buttermilk to restore the structure of the skin and the coconut and palm oils to provide a great lather. Finely ground oatmeal gently exfoliates and nourishes the skin. The herbal essential oils are invigorating lavender, rosemary & mint. It also comes unscented for those who prefer simplicity.

Rosemary Mint Soap

Rosemary Mint Soap is an all natural soap which provides a rich full lather that is even great for shaving. This nourishing olive oil castile soap with a touch of coconut and palm oils gently cleanses all skin types without irritation. The essential oils of rosemary & mint provide an invigorating herbal scent reminiscent of running through a meadow.

Frankincense and Myrrh Soap (formally Queen of the Nile)

Cleopatra took daily goat's milk baths, and now you can, too! Protein rich goat's milk is one of nature's finest moisturizers. Shea butter, olive oil, Ohio beeswax and honey create an all natural soap that helps dry skin feel silky smooth. Coconut and palm oil provide a rich lather while finely ground oatmeal gently exfoliates & nourishes the skin. Frankincense and myrrh essential oils allow you to feel like a king or queen. It also comes unscented for those who prefer simplicity.

Lavender Vanilla Natural Soap

Pure Lavender Vanilla Soap is an all natural soap which provides a rich full lather that's even great for shaving. This nourishing olive oil soap with a touch of coconut and palm oils gently cleanses all skin types without irritation. Relaxing lavender and classic, irresistible vanilla essential oils create a perfect way to start your day and a perfect bedtime as well. Lavender has been known to calm anxiety, stress, insomnia and sensitive skin.
